Raptorology

Meet the Live Raptors!

Get ready for an exciting evening with some amazing birds of prey! The Edgerton Explorit Center is bringing Raptorology to the Holdrege Area Public Library. Presenter Deb Miller will introduce us to several live raptor education ambassadors.

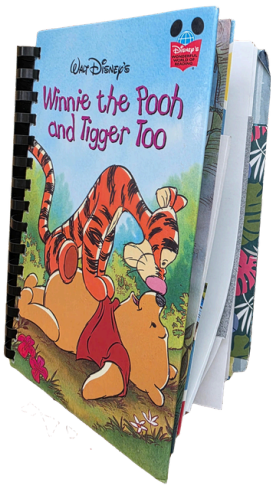

These incredible birds have been injured and are unable to return to the wild, but they now help educate others about raptors and their importance in our environment. This is a wonderful opportunity to see these magnificent birds up close and learn more about their unique characteristics.
